Write Math! Assignment

Name_____#:___
Period_____ Date_____

Find the slope-intercept form of the line, given two points.

given: (5, 27) (11, 15). Show all steps.

In the space below, write (in a paragraph format) the process for finding the equation above. Mention areas in which common mistakes might possibly occur. Be very specific – include all steps involved. You will be graded on completeness, spelling and grammar. If you need more space, attach a sheet of notebook paper.
